

Institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders:

**Feedback on Curriculum Analysis Report (2022-23)**

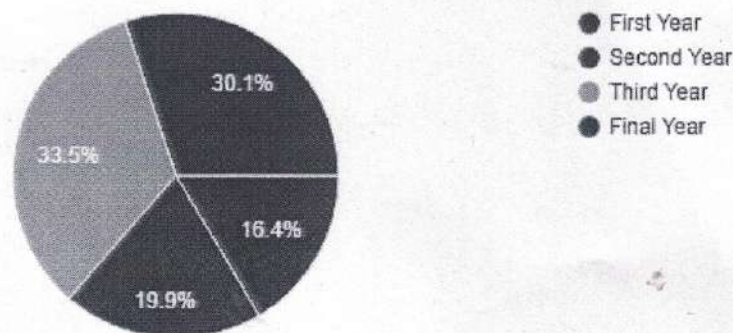

The feedback of students, faculty, employer and alumni is significant in the improvement of teaching and learning process of an institution. During the academic session of 2022-23, the college also obtained feedback from all the main stakeholders' viz., the students, faculty, employer and alumni of the college. In this regard, the Internal Quality Assurance Cell (IQAC) of the college designed the questionnaire separately for students, faculty, employer and alumni. Here, the term student is meant for the student who has completed at least one academic session in the college and employer means the employer of the students of the college.

The questionnaire mainly covered all the issues relating to the curriculum. For the present feedback, total 843 students, 165 faculty members, 9 employers and 106 alumni were participated. The questionnaires are prepared and the same forwarded to the stakeholders as Google form. The results obtained from the feedback are analyzed as follows:

**Student Feedback Analysis (2022-23)**

Students are one of the most significant stakeholders for any educational institution. Their feedback is extremely valuable and can be utilized to review and enhance the teaching-learning techniques of the institution. The results obtained from the survey of the students are analyzed as follows:

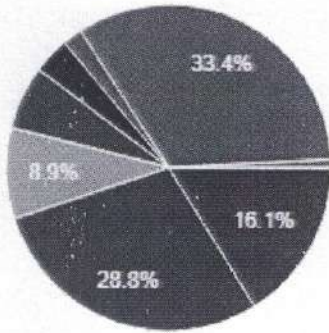

Taking into account the students' feedback responses, Nearly 843 students were participated in this process,

The 33.5% i.e 280 third year and 253 final students were participated and the remaining shown above as pie chart
